# Why choose Everna™ Discovery book browsers?

everna™

By  WF Education Group

Reading should be promoted and encouraged at every stage of a young person's life, from nursery to school and beyond. Allowing children to read for pleasure can be a real challenge.

Book browsers play a significant role in encouraging browsing and promoting the discovery of new books. They can be used to display a whole variety of reading material. From picture books for younger children, to comics books and novels for teenagers and adults, book browsers are suitable for all of your library users.

Book browsers are ideal for creating designated zones within your library. For example, you may decide to have a browser to display comics in your teen space to encourage reading. Reading comic books is on the rise after all, with the number of younger people reading comics and graphic novels outside of school in the UK rising to 28.7%, the highest it has been for many years (Amy Watson, 2023).

Our range of colourful book browsers are a gateway to imagination, creativity, and discovery. A must-have in your library.

# Why choose Everna™ Discovery?

## Face-up display

Front covers are a key element to grab the attention of library users and give them a quick understanding of the context of the book. You can keep your browsing options fresh by changing your face-up display regularly!

## Immediate access to reading

It's fair to say that teenagers and children are less attentive and patient than most adults. With digital technology, they are very accustomed to having immediate access to information. Choosing a system that displays books in a clear and presentable way will help them find what they're looking for as quickly as possible, before they give up!

## Flexibility of space

To keep things fresh, or to make space, browsers may need to be moved regularly. Therefore, mobile furniture is essential for any modern library space. The Everna™ Discovery range is all equipped with wheels, making browsers easy to move and reconfigure.

**2 shapes:** use rectangles and squares to create your configuration.

**3 heights:** different heights to adapt to your audience. From small children to teenagers and adults.

**4 colours:** 4 different colours available. Combine different shapes, heights and colours to create your own unique space.

Fast and simple self-assembly in less than 30 minutes.

## Choose by shape

Shape	Advantages	Disadvantages	
<p data-bbox="150 1317 256 1350">Square</p> 	<ul data-bbox="432 1357 762 1592" style="list-style-type: none"> <li>• 4 different top loading bays for a variety of material</li> <li>• compact design for smaller spaces</li> </ul>	<ul data-bbox="804 1357 1118 1391" style="list-style-type: none"> <li>• less book capacity</li> </ul>	<p data-bbox="1158 1261 1305 1294">3 heights:</p> <ul data-bbox="1174 1305 1326 1429" style="list-style-type: none"> <li>• 270mm</li> <li>• 590mm</li> <li>• 990mm</li> </ul> <p data-bbox="1158 1480 1305 1514">4 colours:</p> <ul data-bbox="1174 1525 1445 1693" style="list-style-type: none"> <li>• Platinum White</li> <li>• Curry Yellow</li> <li>• Kiwi Green</li> <li>• Crocus Pink</li> </ul>

## Install Discovery browsers to match our Everna™ range

The carefully considered modular elements of the system allows for limitless combinations of colours, application and layout which give educators real control over designing their learning spaces.

Each of our modules can be simply linked together or with the use of angled fillets to create unique combinations bespoke to your space and your requirements. Maximise the utilisation of spaces and the engagement of students with distinct zones perfectly adapted to teaching and learning styles.
